## Thursday March 13th - Only Show in Michigan this year!

Bryan does 2 major shows each year to benefit charity. This show will raise funds and awareness for Well Of Grace - a well established non profit organization that provides a residential treatment facility for emotionally, spiritually and physically wounded young women.

He'll pull out all the stops with a 6 piece backup band and feature his signature exhilarating Spanish guitar styles backed by the hot rhythms of his Latin/R&B band. Also featured will be the Gospel singer G. Thomas for a stand up in the isles and clap finale.

Bryan and the full band will kick off their touring season with a show at the Howard Performing Arts Center in Berrien Springs, MI. One of the top facilities in the country and on the campus of Andrews University.

New songs from the CD (produced by the legendary Billy Dickens) will be debuted. It will also be your chance to see and hear him before his HD PBS TV special "Acoustic Vineyard" is taped and aired.

## PBS Special - "Acoustic Vineyard"

After scoring regular radio play on some of the top radio and satellite stations Bryan is now in planning with PBS to produce "Acoustic Vineyard". Its a Live HD TV taping of his show along with vignettes of performances at the Tabor Hill Winery and guest appearances from some top names in the industry.

More details will be released soon. Until then keep posted by checking the website and look for it to air late 2008 and through 2009.

## Tour of the Mexican Riviera

Bryan and the band will be playing 4 shows on the Mexican Riviera. Two performances will be for private crowds and the others will be in the two 900 seat theaters of the Sandos resorts near Playa Del Carmen.

There are still some rooms available at the Sandos but if you'd like to see Spanish guitar in its natural setting - you'll want to reserve your rooms soon!

Visit Bryan's website for more information and a link to the resorts. You can reserve rooms from there for these all inclusive resorts...and now all inclusive of great entertainment as well!

## Featured New Artist - Gayle Bisesi

In every newsletter we like to feature a new artist that you might not have heard of yet but should. This time it's Gayle Bisesi - an electrifying singer.

If you've heard her perform with Bryan you know why the folks give her the coveted standing ovation.

The new CD "Child Eyes" is wonderful - but don't take our word for it, visit the site for some great sound clips and make the purchase. Plus a portion of the proceeds go to benefit "Maggies' Voice" - a charitable project dedicated to helping end child abuse through the arts.
